Director of Training

2 January 1959

Chief, Plans and Policy Staff

Weekly Activity Report #51

1. ELINT Committee Meetings Contin

The draft of training requirements has been prepared and received from the ELINT working committee. The training implications in these requirements appear to fall within the management and coordination of external training for CIA personnel. It is expected that a knowledgeable member of the ELINT Staff will conduct a briefing for appropriate OTR officers in the near future. We have requested Mr.

25X1 make suitable arrangements sometime after 5 January 1959.

2. Agency Planning Group for Mechanically Integrated Reporting and Communications Systems

Meetings of the Agency Planning Group for Mechanically Integrated Reporting and Communications Systems are held on Tuesdays and Thursdays to provide briefings for representatives of interested offices. The last meeting covered the internal dissemination systems of ORR, OCI and OSI and the security dangers inherent in rapid transmission systems. Attendance continues useful in order to keep current with reporting planning for possible training implications. Notes of all discussions are being prepared and will be turned over to appropriate OTR offices for their information and review for possible use, or inclusion in part, in existing training programs.

3. Government Employees Training Act

The Presidential Directive designating CIA, its officers and employees as excepted from certain provisions of the Government Employees Training Act, Public Law 85-507 has been redrafted to include appropriate and acceptable comments made by the Chairman of the Civil Service Commission. The draft has been forwarded to the General Counsel of the Bureau of the Budget with the request that it receive the earliest possible consideration.
